TUESDAY EVENING, AUGUST 28, 1883 Ancient Order United Workmen

Nashville World, 26, A very pleasant time was had by the members of Enterprise Ledge No. 28 at their meeting on Wednesday night last. This was the occasion of the visit of Supreme Representative Garrett to this lodge. Many of the members of other lodges in the city Our r contributed to the pleasure of the evening by their pleasant and kind words. Mr. Garrett, who has been visiting the lodges of this order throughout the State, delivered a very countless numbers, was something novel to me. For miles and miles around us in every direction, as far as interesting lecture, giving assurance that the lodges and the order wherever were in a very flourishing condition. Mr. Garrett was followed by the Hon. fifty feet in size to very much larger John M. Many of the visiting members had words of cheer for their members had words of cheer for their brethren present, and all present left numbers in the fields than the men, at the close of the meeting realizing and seemed to do the harder work. how good and how pleasant a thing it is for brethren to dwell together in unity.

In consequence of a resolution passed by the Supreme Lodge, it is now the duty of every Master Work-man of subordinate lodges to ask upon the first meeting in every month: "Has the last beneficiary assessment been forwarded to the Supreme Recorder?" As it not infrequently happens that a whole lodge is suspended through the Financier and Receiver's fault in not sending assessments forward at the proper time, the above question should be borne in mind and it should be seen that it is put and answered.

The total membership of the W. is 125,000, and about \$175,000 is being disbursed to widows and or phans each month. The order has the benefit of both a State and a National or general jurisdiction. Chickasaw Lodge, No. 40, of Mem-
